

**FREE SEA**  
activity book  
for 4 - 7 year olds

Activities based on the book  
'The day the crab got crabby'

A coral reef under threat.  
A crab getting **VERY** crabby.  
A rapping anemone with unexpected talents.

Crab loves her beautiful, colourful reef... but plastic is tumbling down on it.  
And only her best friend Anemone seems to care.

Can they work out a way to stop it?

# Can you find..?

An anemone who is:

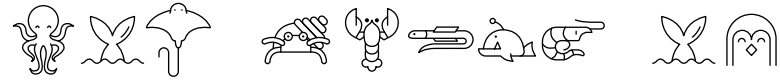

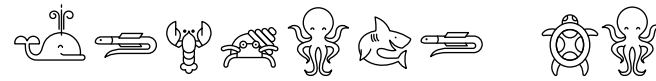

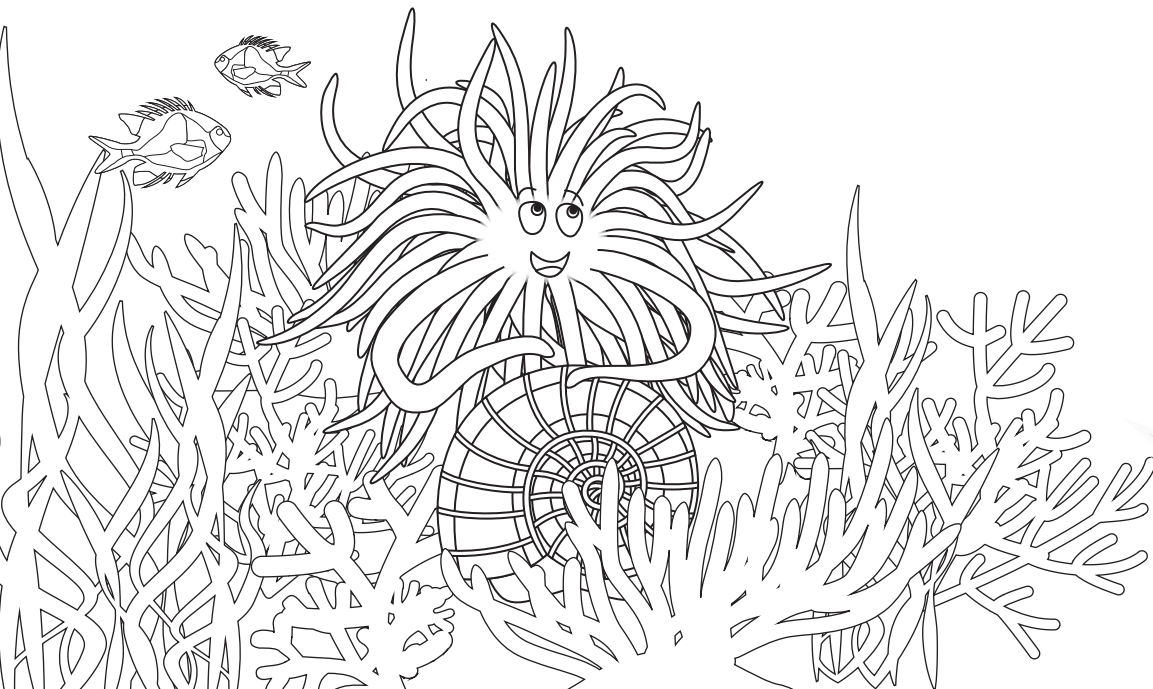

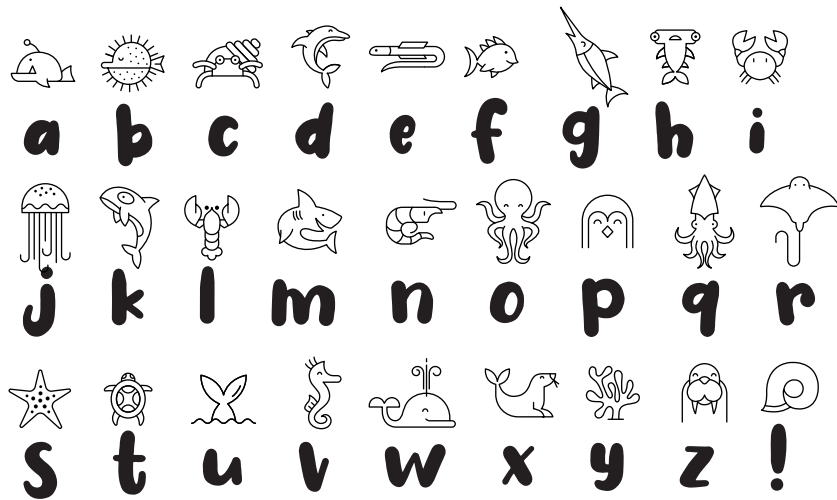

- scared
- playing a shell drum
- hiding in a shell
- hanging on
- sleeping
- a baby

# Coral code break

Anemone has a message for you, but he's written it in his secret language called Coral Code.

Can you use the key to work out what he wants to tell you?

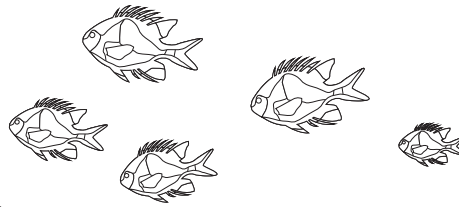

**Well done, you're officially in our group!**

As you go through the activities, colour us in!

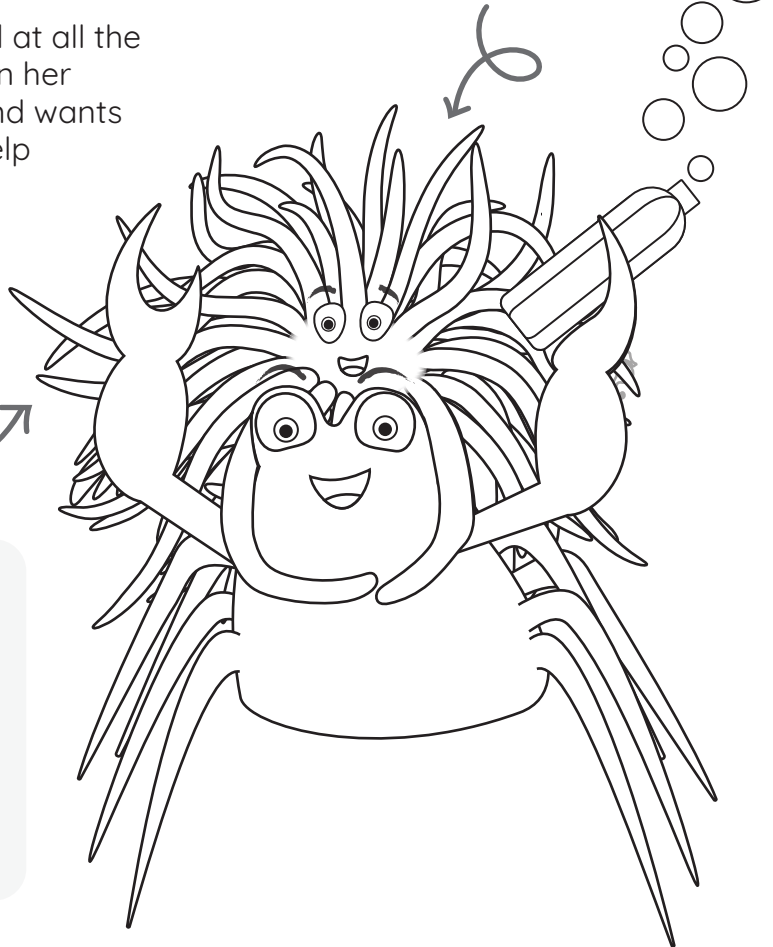

# Meet the group

Here are some of our main characters and a little bit about them...

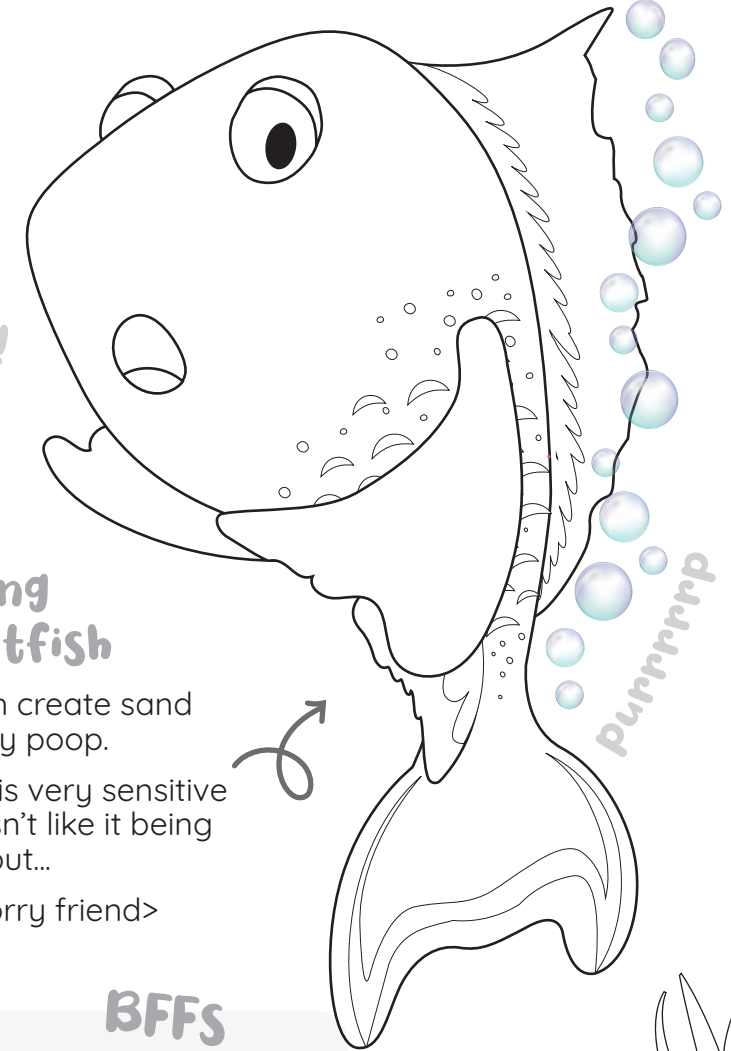

## Crabby Crab

Crab is annoyed at all the plastic raining on her beautiful reef and wants her friends to help

## Rapping Anemone

Anemone loves to sing and play a funky beat on his shell drums

Shhhhh!

## Purping Parrotfish

Parrotfish create sand when they poop.

This one is very sensitive and doesn't like it being pointed out...

<oops, sorry friend>

## BFFs

**Crab and Anemone are besties - they are never seen apart. Aww.**

Crab often shelters in the anemone's stinging tentacles and the anemone eats crab's leftover scraps of food.

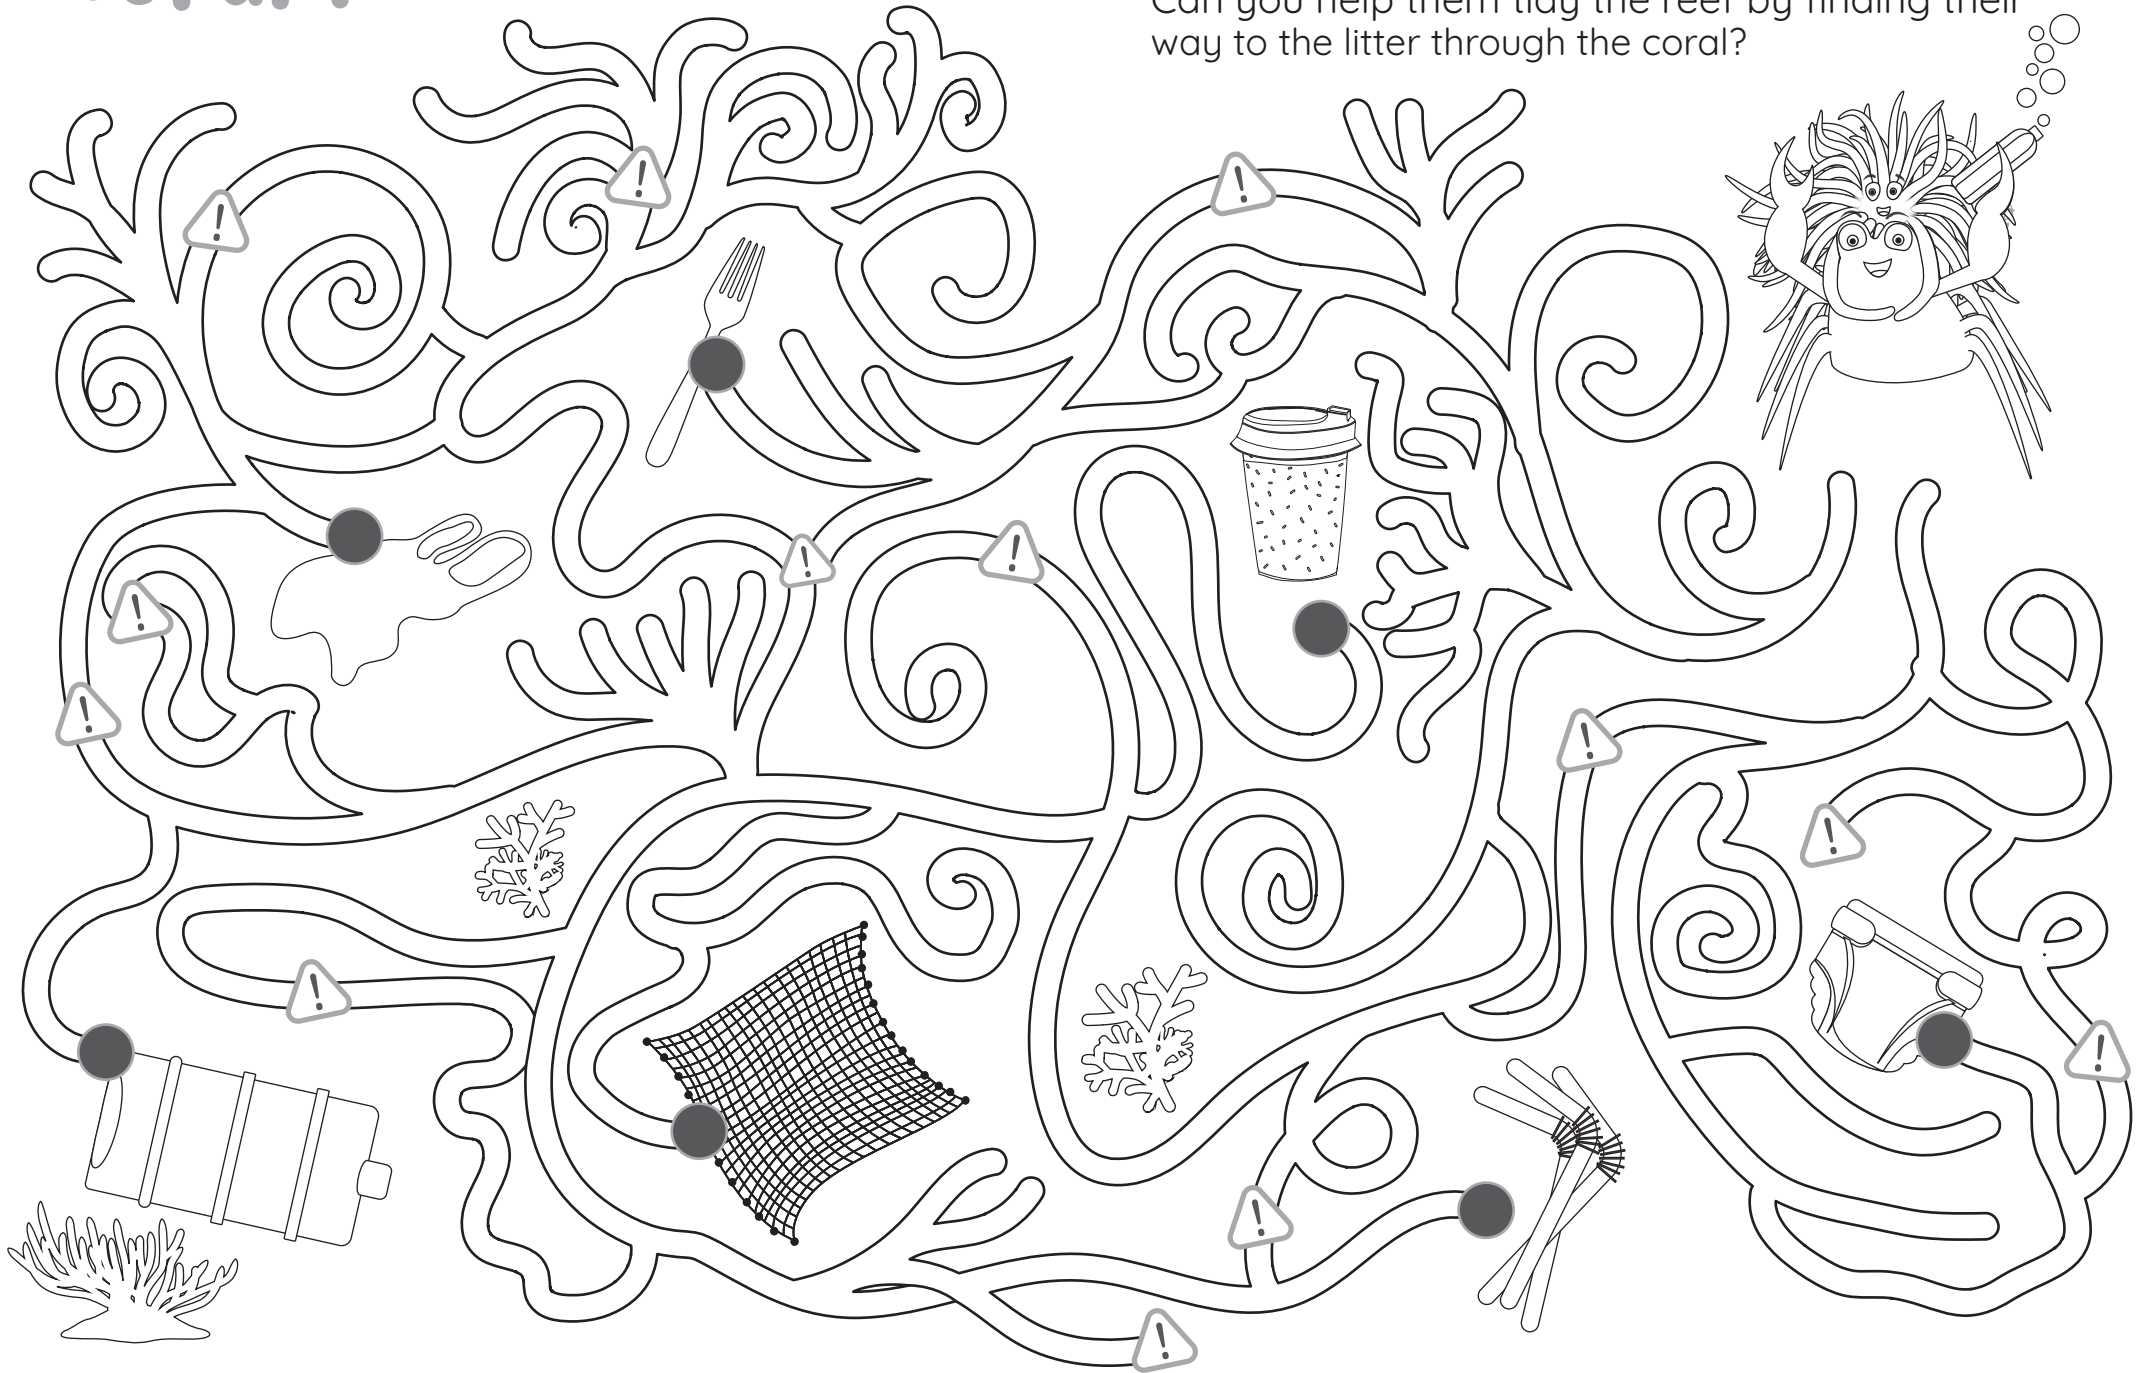

! Anemone might look lovely and friendly but don't get too close - those tentacles sting! Ouch!

# Coral reef clean-up

Crab and anemone set off to litter pick on the reef.  
Can you help them tidy the reef by finding their way to the litter through the coral?

# Solution & Swap Search

Can you find these 24 swaps and solutions in the wordsearch?

**Bamboo**

**Beeswax**

**Bunting**

**Carry your own**

**Charity shops**

**Cycle**

**Eco-community**

**Clothes swap**

**Compost**

**Glass**

**Innovation**

**Keep cup**

**Nude food**

**Play**

**Reduce**

**Reuse**

**Recycle**

**Refill**

**Repair**

**Seabins**

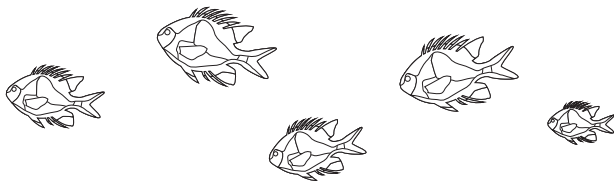

**Sharing**

**Toy rental**

**Walk**

**Zero single use**

# Who's in your clean-up crew?

Fish, sharks, lobsters, dolphins, jellyfish or another sea creature?

Turn these watery blobs into the sea creatures you would like to join your clean-up crew.

## True or false?

1. Around 50% of the planet is covered in oceans
2. The deepest part of the ocean is 11km deep
3. There are mountains and volcanoes underwater
4. Most of the oxygen we breathe is made by the oceans
5. There are about half a million species of animals living in the sea
6. The largest living structure is in the sea
7. The Great Barrier Reef is so big it can be seen from the moon
8. There are about 1 million pieces of plastic in the sea
9. Oceans help to control our weather
10. More people have travelled into space than have travelled to the depths of the ocean

**Scan the QR code on the last page for the answers! No cheating!**
